

## AMI Training Centers

### AMI Immersive Programs

#### Evolving Injectables

Elevate your success with AMI's most robust training experience. Advance your clinical techniques, master your consultative skills, and strengthen your book of business with today's top minds in aesthetics. Join us for four months of progressive instruction, including three weeks of in-person training with well-respected AMI faculty and full-time clinical educators.

*Duration: 4 Months | Three, 5-day rotations on site*

#### Foundational Injectables

Ignite your career in facial aesthetics and build your clinical and consultative skills during our comprehensive 5-day foundational program. Through personalized instruction, live hands-on patient treatments, and interactive workshops, you will gain the skills necessary to confidently deliver desired outcomes and feel inspired to reach new heights in the aesthetic industry.

*Duration: 5 days*

#### Interactive Anatomy

This program provides a realistic and in-depth understanding of facial anatomy with a multisensory and three-dimensional exploration of anatomical structures, including dimensions, location, and the functional relationship between structures.

You will examine a prepared cadaver dissection, layer by layer, to increase understanding of 3D functional relationships and spend time with experts to close the knowledge gaps that might be holding you back from injecting safely and confidently.

*Duration: 1.5 days*

#### Patient Safety and Advocacy

The patient's well-being is at the forefront of this program. Mitigating, diagnosing, and treating adverse events are essential components of elevating your clinical skill set and ensuring safe outcomes. Understanding anatomical danger zones, tactics to minimize risk, and strategies to overcome complications are key elements of this program.

*Duration: 2 days*

#### Practice Growth

Designed to teach and equip you with essential strategies to accelerate practice growth and success, this program helps you gain a new understanding of proven methods and perspectives to drive value.

This immersive program is designed to make an immediate impact on your aesthetic practice's success through analysis and development of an actionable plan to elevate your practice's presence, enhance your financial acumen, and elevate your marketing and social media tactics.

*Duration: 2 days*
