

SKINMEDICA®

# SCAR RECOVERY GEL

WITH CENTELLINE®

**IMPROVES AND MINIMIZES VISIBLE SCARS**

# HOW OUR FORMULA WORKS

The body's natural healing response to surgery or injury is to produce several layers of new skin—a scar.

But it doesn't have to be unsightly. There are specific ingredients that can help from beginning to end. We've put science and thought into Scar Recovery Gel with Centelline®.

It works to:

- Help maintain the skin's foundation to support recovery<sup>1-3</sup>
- Provide topical support and hydration benefits to the skin<sup>4</sup>
- Help fortify layers of skin to minimize the appearance of scars<sup>3,4</sup>

# KEY INGREDIENTS. IMPROVED APPEARANCE.

Naturally derived key ingredients create a first-of-its-kind, synergistic complex called Centelline®. This formula minimizes the appearance of pink and red scars.

INDIAN PENNYWORT  
EXTRACT

(Centella Asiatica)

OLIVE EXTRACT

(Oleuropein)

STALKED BULBINE

(Bulbine Frutescens)

# CLINICALLY TESTED. PROVEN TO IMPROVE.

80% OF PATIENTS EXPERIENCED  
A REDUCTION IN THE APPEARANCE  
OF THEIR SCARS<sup>5</sup> (n = 30)

- + The majority of patients had scars that started out moderately hard and had a pink to red color after surgery
- + Patients applied the lightweight gel twice a day, and physicians measured improvements in scar appearance

## DRAMATIC RESULTS

### FACIAL TRAUMA\*

**SCAR AT 2 WEEKS**

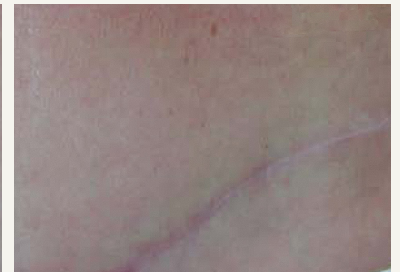

**SCAR AT 6 MONTHS**

\*No surgical tape used with product.

**SCAR WITH SURGICAL  
TAPE ALONE**

**SCAR WITH SURGICAL TAPE  
PLUS SCAR RECOVERY GEL  
WITH CENTELLINE®**

MINIMIZE THE APPEARANCE  
OF SCARS AND HELP SUPPORT THE  
NATURAL HEALING PROCESS
