States in which I am licensed: PA, NY, NJ, CA

Preferred Time to Participate: Weekdays

Intended Outcome of My Visit:

- Make new friends and learn and teach about lasers and other energy-based devices

Brief Bio

Eric F. Bernstein, M.D., M.S.E. received his B.S. from Duke University, summa cum laude with distinction in his major and his M.D. from the Yale University School of Medicine, where he served as Banner Bearer and Class President, and an M.S.E. in Management of Technology from the Engineering School at University of Pennsylvania, co-administered by the Wharton School. Following fellowships with the NCI at the NIH and Hahnemann University, he joined Jefferson Medical College, where he directed a photobiology laboratory and served as director of the Laser Surgery Center. Dr. Bernstein holds 14 U.S. and numerous international patents, has authored over 100 scientific publications, and has given more than 300 presentations worldwide.

Dr. Bernstein currently directs Main Line Center for laser Surgery, an aesthetic laser practice in Ardmore, Pennsylvania, and served as president of the ASLMS. Dr. Bernstein's practice focuses heavily on clinical studies of new lasers and energy-based devices, and he actively participates in several science-based start-ups
