Sue Ellen Cox, MD

Faculty

Aesthetic Solutions PA 5821 Farrington Road, Suite 101 Chapel Hill, NC 27517 Phone: (919) 403-6200 – Fax: (919) 403-6242

Dr. Sue Ellen Cox is a dermatologic surgeon and the founding medical director and president of Aesthetic Solutions in Chapel Hill, North Carolina. A graduate of New York University, she earned her medical degree from Case Western Reserve University where she was a member of the Alpha Omega Alpha Honor Society. Dr. Cox completed her Residency in Dermatology at the University of Texas Southwestern Medical Center in Dallas, Texas, and she is board certified in dermatology specializing in surgical and cosmetic dermatology. She is an Assistant Clinical Professor at the University of North Carolina at Chapel Hill, where she teaches a cosmetic dermatology clinic to the third year residents. She is also a supervising physician of the residents in dermatology program at Duke University.

Dr. Cox has a national reputation as a leader in dermatology, lasers and esthetics and over the past 20 years has lectured national and internationally at hundreds of medical meetings teaching her techniques. Dr. Cox has been on the forefront of injectable fillers for facial rejuvenation participating in five injectable filler studies and is currently a principal investigator in a 3-year study for a new injectable filler expected to hit the market late 2012. Dr. Cox has served as a principal research investigator for various filler product studies including a long-term safety study which has been ongoing since 2005. Dr. Cox has been published in numerous peer-reviewed medical journals and medical books. As a renowned skin care expert, Dr. Cox has served on advisory boards for various corporations and leading health care and pharmaceutical companies.

An active Fellow, member, and lecturer for several organizations; including The American Academy of Dermatology and the American Society of Lasers in Medicine, Dr. Cox served on the Board of Directors for the American Society for Dermatologic Surgery for 3 years from October 2008 to October 2010.

Rebecca Fitzgerald, MD
Faculty

321 N Larchmont Blvd, Ste 906 Los Angeles, CA 90004 Phone: (323) 464-8046 – Fax: (323) 464-183

**Dr. Fitzgerald** is a nationally and internationally recognized board certified dermatologist specializing in noninvasive cosmetic procedures. She is a Diplomat of the American Board of Dermatology, a Fellow of both the American Academy of Dermatology and the American Society of Dermatological Surgery and is on the clinical faculty at UCLA. Dr. Fitzgerald's extensive experience and expertise are the result of a very busy clinical practice as well as her commitment to academics. She has published numerous articles in peer reviewed medical journals and textbooks and travels both nationally and internationally as a guest lecturer. She has also been featured as a medical expert on local and national television programs including Entertainment Tonight, the Style Network, HBO and the Discovery Channel. Natural appearing results are imperative and she sums up this philosophy to her patients by stating "I want even the most critical eye to think you were just born lucky."

#### Víc A. Narurkar, MD

Faculty

Bay Area Laser Institute 2100 Webster St Ste 505 San Francisco, CA 94115 (415) 923-3377 – Fax (415) 923-3277

Vic A. Narurkar, MD is a board certified dermatologist with fellowship training in laser, cosmetic and MOHS surgery. He is a PhiBeta Kappa graduate of Brown University and Stanford Medical School, where he completed his residency in dermatology and was selected to be chief resident, followed by a fellowship in MOHS, laser and cosmetic dermatology at the Cleveland Clinic. Upon completion of his fellowship, Dr Narurkar was appointed director of cosmetic dermatologic surgery and MOHS Surgery at University of California Medical School, Davis and the UC Davis Laser Center. In 2000, he was invited to join the premier cosmetic dermatology practice of Dr Kathy Fields in San Francisco and now has built a successful practice with an international clientele, limited entirely to cosmetic dermatology. He is a pioneer of several cosmetic procedures used worldwide, including being the original investigator and principal investigator for several groundbreaking clinical trials for injectable fillers, neuromodulators and energy based devices. He is an author of over 200 publications and book chapters including the editor in chief of the 2009 issue of Dermatologic Clinics- Cosmetic Dermatology and serves on the Editorial Board of the Journal of the American Academy of Dermatology and Cosmetic Dermatology and the review board of Dermatologic Surgery. He lectures worldwide on injectables and energy based devices and is a cofounder of Cosmetic Boot Camp LLC. He is on the ASDS Board Of Directors, Industry Advisory Council and Finance Committee. Selected as one of the "Best Doctors In America," he has been featured in the Wall Street Journal, New York Times, Business 2.0, CNN, NBC, ABC, CBS, Fox, Allure, Vogue, Prevention, Shape and Ladies Home Journal. His practice, located in the heart of San Francisco, has an international following and has achieved Diamond Status with Allergan for botox and fillers and Black Diamond status with Fraxel and Thermage, making the practice one of the largest cosmetic dermatology practices worldwide. Dr. Narurkar personally performs all of his injectable and laser treatments. In 2009, Dr. Narurkar was appointed Chair, Dermatology at California Pacific Medical Center, San Francisco's oldest hospital established in 1858, and now one of Northern California's premier tertiary care medical centers and academic hospitals.
