

APPROVED PRECEPTORS

Early-Career Preceptorship Goals

- Enhance and complement the surgical skills of ASDS members in areas necessary to conduct optimal patient consultation and assessments, therapy and device selection, procedural nuances and overall patient care.
- Enhance practice-focused business acumen such as optimizing patient flow, decreasing overhead, improving efficiency and productivity, practice expansion and more.
- Facilitate the ability for early-career and experienced ASDS members to partner in positively impacting the specialty of dermatologic surgery and the patients they serve.
- Provide ASDS members, who serve as preceptors, the opportunity to improve their mentoring skills through a unique interface program.

Choose your preceptor from 179 dedicated experts
to foster the goals of the preceptorship program.
